## Scholarships For Certain Dependents & Survivors

## Of Veterans Available

May marks the graduation of thousands of high school seniors in Alabama and the State Department of Veterans Affairs reminds these graduates that the State offers educational scholarships under the Alabama G.I. and Dependents Educational Benefit Act.

If you are the dependent or survivor of a veteran who was killed or died in service, or died as a result of a disability incurred in service, or was a prisoner of war of the Vietnam Conflict, or is listed as missing in action, or is/was rated 40 percent to 100 percent service-connected disability (20 percent to 100 percent if disability was incurred during World War II), you could possibly qualify for up to 36 months of free tuition, books and instructional fees while attending any Alabama state-supported technical college, junior college, college or university.

In addition to the disability requirements mentioned above, the veteran must have been a permanent civilian resident of Alabama for at least one year immediately prior to any entry into military service or be 100 percent permanently service-connected disabled and a permanent resident of Alabama for at least 5 years immediately prior to application or death, if deceased.

For complete information contact John H. Taylor, Veterans Service Officer, for Coffee County, located at the Courthouse Annex in Elba or call 897-2924.

## Blessing Of The Fleet Celebration To Be Held June 10

The 35th annual Blessing of the Fleet June 10 will fill the waters around Bayou La Batre with colorful boats and hopeful fishermen. The ceremonies traditionally call for God's help in harvesting the sea. Local civic groups have planned many other enjoyable activities for the thousands of visitors expected in the Mobile County community.

The Bishop of Mobile, Archbishop Oscar Lipscomb, will say the official Blessing of the Fleet Mass, beginning at 10:30 a.m. at St. Margaret's Church on Highway 188. Later, he will bless each boat as it journeys up the bayou. He also will lower a wreath in memory of departed fishermen.

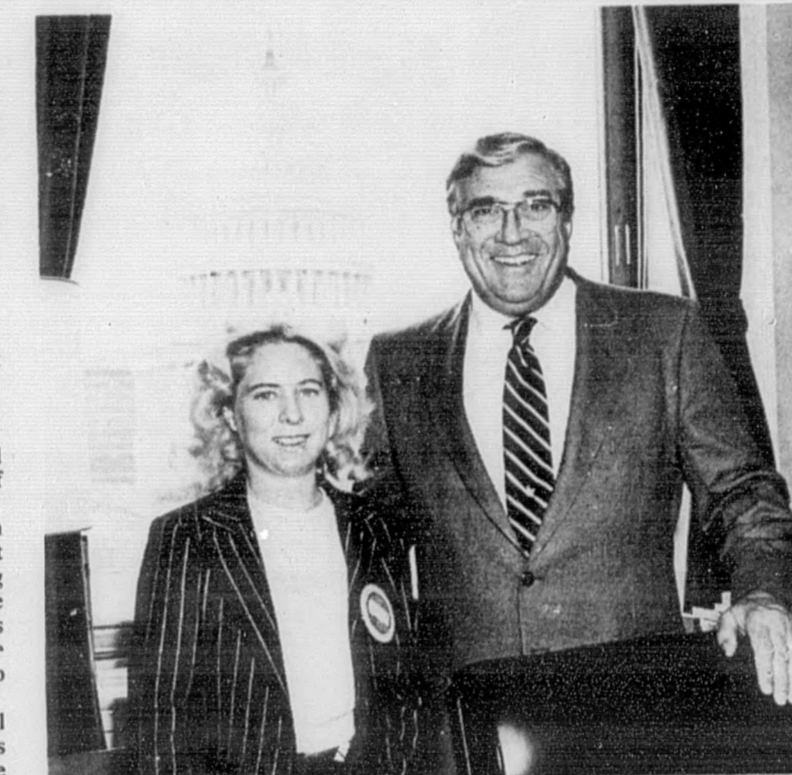

All of this year's contestants in the upcoming Junior Miss pageant will participate in the event, smiling and waving to spectators from the brightly decorated boats. America's reigning Junior Miss, Stephanie Ashmore from Alabama, will also attend.

The famed Parade of Boats will begin at 3:30 p.m. and the judging is set for 5 p.m. In addition to the region's fresh seafood, visitors may enjoy an arts and crafts show. For more information, contact Willie Louis Bryant, 34 S. Wintzell Ave., Bayou La Batre, 36509, or call 824-4097.

## State Employment

## Service News

More than 30,000 Alabama workers found jobs through State Employment Service during the first six months of FY 1984. Clifford DePriest, agency director, said job placements were 36 percent greater than in the comparable period a year earlier.

The 32,515 workers placed, DePriest pointed out, included 5,773 veterans, 9,972 recipients of unemployment compensation, 691 handicapped, and 8,990 youths.

"Increased placement activity is a good indication that Alabama's economy is on the rebound," DePriest noted. "We are receiving more and more job orders from employers who ask our help in filling openings."

Through its screening and testing of job applicants, the 70 local and branch offices of the State Employment Service assist employers in hiring individuals with the necessary aptitudes and vocational skills.

State Employment Service offices are frequently the best local source of information on employment and training programs affecting private business. By advising the local business community on special employment programs established by Congress, the agency can help employers save money and, in the process, provide a boost to the local economy.

Employers can save in excess of \$21 million in federal taxes over the next two years as a result of their participation in the Targeted Jobs Tax Credit (TJTC) program during the first half of FY 1984. TJTC offers incentives to employers to hire from targeted groups of workers who usually experience difficulty in finding jobs.

Future Farmer award winners Jeff White and Mike Chirco

### Mike Chirco & Jeff White - Outstanding In FFA

By: Janet Stewart  
Mike Chirco is one of four finalists in the state for the Agricultural Electrification award in FFA.

Mike, FFA vice-president at ZC, will receive his award at the State FFA Convention in June. He doesn't yet know what his award placement is.

The first place winner will receive \$200, a plaque and a chapter banner. Second prize will be \$150 and a chapter banner. Third place award will be \$100 and a chapter banner. Fourth prize is \$50 and a chapter banner. The first place winner and advisor will each receive an additional \$200 for expenses to the National FFA Convention.

Qualifying programs for the agricultural electrification award are those that develop the FFA members interest and knowledge of basic electricity used in agriculture and in the home. This includes wiring, electric motors and safe use of electricity used to improve the efficiency, increase production and enhance the standards of living. This category also includes programs that allow students to obtain training and practical experience in preparation for an electrical career.

Mike studied electricity in his agribusiness class. He practiced wiring and worked with switches and did other electrical jobs. He worked with his grandfather last summer on electrical jobs. He submitted an application and a recommendation from his FFA advisor and agribusiness teacher, Harold Stewart, for the award.

Mike's leadership positions in FFA helped to qualify him for this award. He has served as president and vice-president of the local FFA.

Chapter and has received the State Farmer Degree in FFA.

Jeff White, son of Mr. and Mrs. L.J. White of New Brockton, was recently named winner of the 1984 DEKALB Agricultural Achievement Award. The award, sponsored nationwide by DEKALB AgResearch, Inc. and DEKALB-PEPPER GENETICS, is presented to the senior agriculture student attaining the highest degree of proficiency in scholarship, leadership and a supervised agricultural program.

Jeff attends Zion Chapel High School, where he has served as president of FFA. His agricultural program consists of hogs and corn. Following graduation, Jeff plans to attend college.

As this year's winner, Jeff receives a pin and certificate, and his name will be inscribed on a special plaque displayed in the Agri-Business building. The DEKALB Award, often considered the highest honor a v-a-g student can receive on the local level, is presented in nearly 4,000 schools annually.

DEKALB AgResearch, Inc., is an international corporation with agricultural operations that produce hybrid seeds and poultry and swine breeding stock; manufacture irrigation equipment; and provide livestock marketing and commodity futures brokerage services. DEKALB-PEPPER GENETICS, the company's joint-venture seed operation, is an international researcher, producer and marketer of hybrid corn, sorghum and sunflower and varietal soybean and alfalfa seed.

David Rainey Elected New FFA President At ZC

### SENIORS LAST WILL & TESTAMENT

BY: KIM SMITH

One more day remains for the seniors of 1984. The seniors can't take everything with them. In order to distribute things properly a "Last Will and Testament" was requested. The seniors were asked to write down what they would like to leave to underclassmen.

I, Ann Sawyer, leave my experience as yearbook editor to Janet Stewart and my experience as Beta Club president to Rhonda Senn. I leave my memories as being a senior to the entire senior class of 1985.

I, Jimmy Sheets, leave to Mark Grimes my radio, watch, guitar, knife, Bible, songbook, wallet and cassette tapes.

I, Dana Bell, leave a little advice to all the juniors -- enjoy your senior year to the fullest. Make the best out of it because it is the last year you, your classmates and friends will be together.

I, Terri Shiver, leave to Rhonda Senn the ability to do without Craig next year like I have had to do without Don this year.

I, Donnie Hussey, leave my ability to "saw" and my pretty legs to Wyman McWaters. I leave my ability to meet and be with pretty women to Jimmie Bryan. I leave my ability to drive a tractor to Wade Flowers. I leave my ability to dance to Scotty Chancellor. I leave my ability to be a carpenter to Roger Shaw and my nickname "Plowboy" to anybody who is willing to take on the duties.

I, Dedie Fuller, leave to Wendy Nelson the ability to play the triples and keep the percussion section in line. I leave to Kelly Sheffield the ability and wit to keep the journalism class rolling.

I, Kim Smith, leave my position as drum major, the most hated person in the band, to the lucky person to be drum major next year. I leave a lot of love and respect to the seniors of '85.

I, Sharon Mobley, leave the ability to keep the spirit at ZC going next year to the varsity cheerleaders. To the juniors I leave a little advice: enjoy your senior year and make the best of it, because the times you share with your classmates your last year will be memories that will last forever.

I, Angela Jackson, leave my crazy ways and unpredictability to Jackie Parrish. Take Mr. Stewart's class and have fun!

I, Donna Rugg, leave my ability to stay in trouble in Ag to Sarah Campbell. To Kelly Sheffield I leave my nickname "carrot" or "carrot top". I also leave the juniors to hope to have fun their senior year without getting in too much trouble.

I, Jackie Rodgers, leave my good times as a junior and as a senior to my sister Tabetha; my school spirit to the varsity cheerleaders, and my crazy ways to Cindy Richards. To the seniors of 1985 I leave this thought: enjoy your last year because it is precious.

I, Brenda Rothwell, leave my crazy and wild ways to Teresa Marler. I leave my ability to get into trouble in Mrs. Powell's class to Wendy Nelson.

### Fourth Annual Play Day In Home Economics Held

BY: SHERRI FLOWERS & CHRIS MILEY

This year will mark the fourth annual Playday for Home Economics students at Zion Chapel. Children from two- to five years of age are invited to attend the Play-Day. There will be a variety of activities for the children, including art and reading, learning activities and outdoor play. Morning and afternoon snacks and lunch will be provided for the children.

Each individual class has prepared the games and the learning activities that will be used. It will be their responsibility to take care of the children during one hour. These classes have been studying child care for several weeks and will now have an opportunity to demonstrate their new skills.

The Home Economics students are asked to evaluate the activities they have prepared for the pre-school children. The evaluation will be based on the response of the children to the activities. Mrs. Elsie Hilton, Home Economics advisor, is sponsoring the Play-Day. When asked why she feels this activity to be "n important one, Mrs. Hilton stated, "Each of my Home Economics classes has a unit in Child Development. Some classes concentrate on the baby sitting aspect, while some study the infant and others the toddlers. The Play-Day gives the students an opportunity to put into action some of the things they have learned about children."

### Wendy Nelson Selected Business Manager Of Rebel 85

Wendy has been a member of the REBEL 84 staff and assistant editor of the "Rebel News." She is a member of the Beta Club and was recently elected secretary for next year. She was Student Council secretary this year.

This was Wendy's first year in the Rebel Marching Band where she plays cymbals. She says her favorite classes are Band and Journalism. "The things I enjoy doing most are marching with the band, working on the annual and going to church," says Wendy.

Wendy was chosen Junior Class Favorite this year and was a member of the Homecoming Court last year.

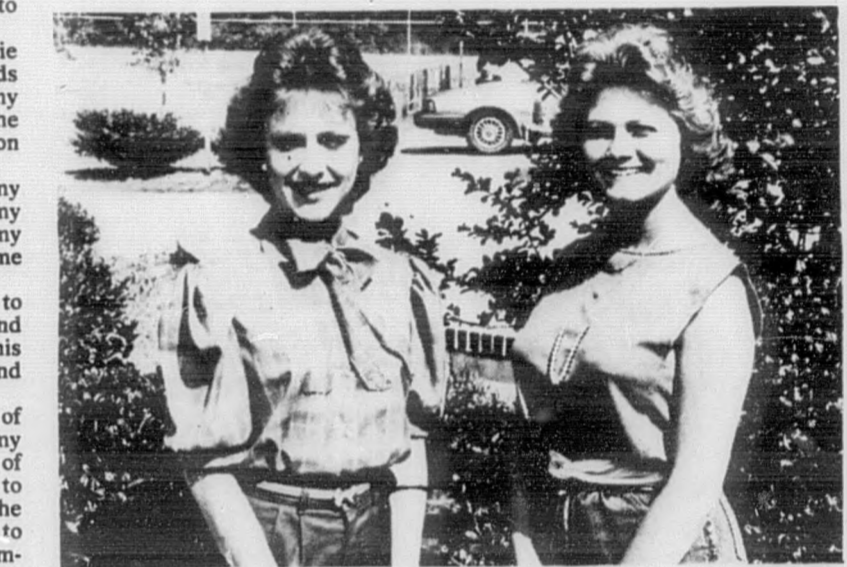

### Kim Brunson Is Photographic Coordinator For Rebel 85

Kim Brunson is the person who has been given the responsibility of obtaining the needed photos for REBEL 85. Her position is that of photographic coordinator.

Kim is a member of the Beta Club. She said her hobby is riding horses and that she really enjoys talking. The most "Fun thing" she has done at Zion Chapel was attending the Prom.

### Sharon Mobley & Sherri Flowers Receive Scholarships

By: Sharon Mobley

Sherri Flowers, Zion Chapel senior, is the recipient of a \$150 scholarship from the Alpha Upsilon Chapter of Alpha Delta Kappa. The scholarship will be awarded immediately upon enrollment at Enterprise State Junior College. Alpha Delta Kappa is an honorary sorority for teachers. Their scholarship is awarded to a girl who is interested in entering the teaching profession. Sherri said, "I am pleased and honored that Alpha Delta Kappa selected me to receive this scholarship. ## Brainstorms.....

With Ferrin Cox

There were two cases Saturday night of the Rescue Squad being called and after some time, families being told that no one was available to make the run. This upset several members of the rescue squad when they found out about it Sunday. It seems the radios used to sound the alarm were not working and no one knew this. However, rescue members complained that they were at home and near the telephone if they had been needed. We won't attempt to get into that matter on either side, but have been assured by the police chief that he has already taken steps to assure no such thing happens again. Both cases were genuine, but apparently the extra time needed to transport by private vehicle didn't become a life-or-death matter, but it could have happened. While we are writing about the rescue squad, it should be noted that there is a crying need for more volunteers. There is no pay in the job, but there is a lot of inner satisfaction in knowing you have helped your fellow citizen during a time of need.

The Alabama legislature has adjourned from its regular annual session and immediately gone into a special session to handle a matter even more volatile than those that tied up the group for months during the regular session. We see a need for changes in the Alabama law that allows for the suing of fellow workers, etc., but don't have the answer. We are not concerned about the lawyers' opposition if their main concern is the fee, but we do agree that workers have the moral right to expect reasonable protection from danger and then compensation if injured. Now if a bunch of politicians, some with more than a casual personal interest, can rewrite a bill to do all the above and satisfy the politicians, then more than likely it would also pass the vote of the electorate.

When the legislature adjourned Monday night without passing several major bills, we were surprised. It fooled us completely when the tax bills pushed by Governor Wallace failed to get out of the legislature, even when they required a vote of the people before becoming law. Also the bill to increase state employee pay failed, and being blamed is the head of the state employees association, or "union head". Opponents of the bill say he broke an agreement to accept a ten percent raise and pushed for eleven percent. That may or may not be the reason for the bill's dying, but he sure puts the association bill in a bad light with the rank-and-file worker... and probably with the politicians who more and more look to these workers for a large block of votes on election day.

Everyone who mentions the matter to me is catching a lot of fish, or knows someone who did so last weekend. We have to take their word for it. 'Cause we were not there trying ourself... but one day... THEN I will do some bragging!

The furor over the change of administrator to a management firm continues to claim many conversations around Enterprise this week. Board members do not agree on the decision made by the majority, and other folks are equally upset. Our phone rings, and Enterprise people stop us on the street for an opinion on this or that, but we ain't gonna try to settle that battle. We do voice an opinion that if this were not a political year in the city of Enterprise, the matter would not be near so heated - not that we don't like politicians, but we sometimes detect that their comments are directed at the voters rather than at solving a problem.

Lamar Rainer Jr., president of The Peoples Bank, is hospitalized in Dothan following a stroke. We join a lot of others in being upset over this news and cross our fingers in hopes that the final outcome will be good.

Coffee County got some much needed rain this week. While we only got a little over an inch, it seemed like a lot more. The river rose over two feet in less than 24 hours. Other areas of Alabama got five to seven inches during the same period... something we can be thankful we didn't get. With that much rain a little north of here, Pea River could be swirling around this typewriter in downtown Elba.

## South Alabama Electric Coop To Offer Customers 5% Loans

Through a special arrangement with the Cooperative's lending agency, REA - South Alabama Electric is now making five percent interest loans. These Energy Resource Conservation (ERC) loans are for the purpose of financing cost effective weatherization measures. To qualify for the loan, you must be a member of South Alabama Electric Cooperative, have a satisfactory credit check and "light bill" payment record, and a need for the weatherization measures. ERC loans may be used to finance the cost of materials and labor for caulking, weatherstripping, insulation, storm windows, thermal windows, storm or thermal doors, clock thermostats, attic ventilation fans, and heat pump systems which reduce the consumption of energy. ERC loans are limited to a minimum of \$300 and a maximum of \$3000 per unit. Loans made to members who do the work themselves will be limited to the cost of materials and equipment.

If you are interested in applying for the loan, you need to go by the Cooperative headquarters and fill out a loan application. If you would like more information about the program, call 566-2060.

### Youth May Apply For Summer Jobs

The Summer Youth Employment Program (SYEP) will again be administered by the Alabama State Employment Service this year. Working in conjunction with the Office of Employment and Training using funding of the Jobs Training Partnership Act (JTPA), the program's purpose is to provide short-term work experience to youth seeking summer employment who are economically disadvantaged. The program seeks to introduce these youths to the world of work and teach them the importance of good work habits along with the technical benefits of providing some monetary reward. The professionals and supervisors working with the summer youth also identify other community resources which may be available for supportive services, if indicated.

It is always the major thrust of the SYEP to induce and aid school drop-outs or potential drop-outs to return to school. If this is not feasible, to begin to transition individuals into the labor market with positive job seeking attitudes, who might otherwise have no particular goals, is a secondary objective. To qualify for the Summer Youth Employment Program applicants must be between 14 and 21 years of age and meet economically disadvantaged criteria set up by the Jobs Training Partnership Act. Interested youth who feel they may be eligible for the 1984 SYEP program should contact the Alabama State Employment Service, Westgate Shopping Center, Enterprise, Alabama for more information.

Pictured are some of the children and their parents who were featured on "Baby Day" at the First Baptist Church in New Brockton May 6. Of the 25 nursery and pre-school children, ten were present and were given a gift, and parents received pictures of their children. "Baby Day" is a yearly observance at the church.

### PASTOR'S CORNER

DR. PAT McFADDEN  
FIRST BAPTIST CHURCH

What do you want most out of life? To be happy, fulfilled, successful? You want to sit upon life's "throne of success." How do you get there?

Every throne in life is reached by a series of steps that must be taken one at a time. There is no shortcut to success. The steps to life's throne are indispensable. Do you know what they are?

The first step is **aspiration**. To be worth living, life must have determination, drive and direction. Without worthy ambition one is tempted to feel, along with Shakespeare's Macbeth, that life "is a tale told by an idiot, full of sound and fury, signifying nothing."

One person, who obviously had no meaning, purpose or ambition in life, has defined life as "the jail sentence which we get for the crime of being born."

Dare to aspire. Dare to dream. The painter Raphael said, "I simply dream dreams and see visions, and then I paint around those dreams and visions." What are your aspirations?

The second step on the way to life's throne of success is **application**.

To me, the final step toward life's throne of success is the most important. It is the step of **dedication**. By dedication I mean a spiritual transformation - a dedication to the living God who loves us and who wants more than anyone else, for us to be successful at living.

Make the admonition yours that God gave to Joshua: "This book of the law shall not depart out of thy mouth, but thou shalt meditate therein day and night, that thou mayest observe to do according to all that is written therein: for then thou shalt make thy ways prosperous, and there shall make good success." (Joshua 1:8)

Good luck as you climb the steps up to life's "throne of success."

## VIEWS FROM

### THE PRESSBOX

BY RICKY MULARZ, EDITOR

The first annual Cystic Fibrosis softball tourney was held in Elba last weekend and with eleven men's teams and eight women's teams competing, you can imagine how much action there was to watch! A total of 32 games was played Saturday and it was good to see our softball complex filled with people. That's how it should look every weekend!

The Deep South Racking Horse Show returns to Elba this weekend and it looks as if it could be the biggest show ever. A show official told me Monday he was expecting 150-175 horses to compete, and if he's right, it will be an unbelievable night. You don't have to be a horse lover to enjoy the show; so c'mon out and stay a while Saturday night - you'll be glad you did.

The Elba Recreation Department announced last week it was sponsoring an advanced Babe Ruth baseball team that will compete in a tri-county league with teams from Opp, Andalusia and Samson. I've long been a supporter of a league for our boys 16-18, and I'm glad to see them get a chance to play ball during the summer. The team will be coached by Rick Rainer and will be made up of boys from the high school team. Let's hope this is the start of a yearly thing!

I was surprised this week to learn that Kinston football coach Ronnie Cottrell had resigned to become the new coach at Samson. Cottrell seemed to be the man to turn the program around at Kinston, and already had it headed in the right direction. I wish Ronnie all the luck in the world at Samson, and also hope Kinston will get a coach that will stay there and build a football tradition.

I'm not much of a fisherman -- heck, I don't even eat fish -- but some of the fishing reports I've heard lately have almost given me the fishing bug. I can't figure out if I want to go fishing with Lamar Kelly and fill up the boat with bluegill, or head out with Larry Stokes and catch a big ole stripe. Oh well, I'll just stay at home.

## Southeast Alabama Basketball Camp

Set For June 18-22 At ESJC

Four area basketball coaches are hosting the second annual Southeast Alabama Basketball Camp. The camp will begin Monday, June 18, and conclude on Friday, June 22. Sessions and Curtis Lane, both former Kinston High and Enterprise State basketball players will assist with the instruction.

Auburn University of Montgomery's basketball coach, Larry Chapman and Troy State's Don Maestri will present lectures and floor demonstrations during the camp which will run from 9:00 a.m. until 3:30 p.m. each day. Anyone interested in obtaining a registration form or receiving more information concerning the camp should contact Coach Sid Elliott at Enterprise State Junior College, 347-2623.
